

I am writting to protest the FCC's proposal to allow the LPFM stations to take priority over current FM Translator services. I am a listener of K-LOVE and believe that K-LOVE provides very family friendly broadcasts that are positive and encouraging to listeners. There needs to be more stations of this nature not less. We need to understand how this station serves the people of the local communities by offering encouragement to those in need and a clean source of entertainment for all ages. The effects to my local community if this radio station was taken off air would be great for their are no other stations that offer the programming that KLOVE does. The service provided by K-Love is in the public interest because there are very few sources of clean, family oriented entertainment these days that are combined with very positive and morally right messages and programming. This station is changing lives around. Changing lives of people who were into drugs or on the wrong road before. Now they are living according to biblical priciples and on the right track. What a loss if we loose this station!!
